

## Wellbeing Grants Guidance Notes

The Wellbeing Grants scheme is funded by Bradford Council Public Health to improve the mental health and overall positive wellbeing of Bradford citizens. The scheme will fund new or emerging areas of work tailored towards adults aged 18 and over.

The aim is to support projects that reflect key priorities of the Bradford Council Plan and Mental Wellbeing in Bradford District and Craven Strategy 2016-2021.

Applications are invited from projects that address the following priorities:

- **Connecting:** Focusing on engaging with and connecting people with a higher risk of poorer mental health outcomes and providing help for them to retain and/or build relationships / support mechanisms which promote and enhance good mental health.
- **Resilience:** Developing and enhancing individuals' resilience through universal and targeted approaches, providing additional support to those at higher risk of poor mental health due to their environment, individual risk factors or specific life events.
- **Flexibility:** Delivering a service which is organised to respond to individuals needs flexibly. Positively recognising and supporting innovative and unique needs and response options.
- **Well-being:** Supporting individuals to increase control over their mental health and wellbeing, improve quality of life, recognise their own potential, work productively and contribute to their community.
- **Covid-19:** Recognising and placing importance upon emerging needs relating to Covid-19, including difficulties accessing support online, language barriers, loneliness, increases in

domestic violence and alcohol use, bereavement etc.

**Application Process**

You must fill in all sections of the application form.

**Section 1: Contact Details.** It is very important that this section is filled in accurately, as these are the details we will use to contact you.

**Section 2: Information about your organisation / group.** This helps us to understand the size and nature of your

organisation. We need a commitment that you have / will develop all the policies, procedures and insurances relevant to the running of your organisation. It is your responsibility to meet all legal and liability requirements relating to the service you are proposing to provide.

**Section 3: About the project you are proposing.** Please provide as much information as you can about what you are proposing. Include a time plan for the implementation of the proposal, giving a breakdown of start and completion dates for expenditure. Remember, this is the only information the grants assessment panel will have about your project, so please clearly and concisely give as much detail as possible.

Please note: all groups/organisations must follow the current government guidance on Covid19 and the emphasis is upon each provider to comply with these. Please ensure you implement this in your planning.

**Section 4: Project Costs.** We need accurate information about the costs of the project you are proposing. You need to include the total cost you are applying for and provide an itemised breakdown of each of the items. Although not essential, match funding for the project is encouraged (*in cash, equipment, in kind, etc.*) – please let us know details of any match funding proposed for the project.

**Section 5: Your Bank Details.** Your bank account details are very important as any grant awarded is paid by BACS directly into your account. Any errors will cause a delay in you receiving the funding.

**Section 6: Declaration.** Please make sure the application form is signed by 2 people from your organisation's management committee / board of trustees / directors. (Chair, Secretary or Treasurer)

- Accounts or statement of income for the last year or months of existence and a bank statement dated within the last 3 months.
- Written estimates for all items and services you intend to purchase.
